

**CANDIDATE FOR CONGRESS OF THE  
UNITED STATES HOUSE OF REPRESENTATIVES**  
**PA DISTRICT 5**

May 1, 2024

To: The Residents of PA-District 5

It isn't hard to notice that over the past few years, the intentional assaults and even the cold-blooded murder of law enforcement has skyrocketed.

Due to the increase of inflammatory political rhetoric, hard leftist ideologies and soft on crime policies that don't work, those who protect and serve our communities are tremendously at risk. As a retired Philadelphia police officer, I know first-hand the dangers that officers face every day. Therefore, I unequivocally support the passage of the "Protect and Serve Act" (HR743) which aims to make it a **federal offense** for those who knowingly assault a law enforcement officer.

When I am elected to Congress, I will bring with me my firsthand knowledge as a first responder-uniformed professional to support legislation that provides protections, training, technology, and resources that will best enable law enforcement officers to perform their duties effectively. I will work in Congress to protect our law enforcement heroes who put their lives on the line to protect us every day.

The intentional assaults and killing of our men and women law enforcement officers must stop. I put my full support behind the Protect and Serve Act.

Sincerely,

A handwritten signature in black ink that reads "Alfe Goodwin". The signature is written in a cursive, flowing style.

Alfe Goodwin  
Candidate for Congress
